This month's must-have

Arnywear is a clever piece of cloth that can be worn as a necktie, wrist or ankle strap, or even under the saddle. It emits a natural extract that repels insects and creates a force field of 50cm around you, and can be washed up to 20 times. It comes in small, medium and large and costs £7.99-19.99. Visit www.arnywear.co.uk
